Asia (except China/Korea)	+86 21 5869 8668

Authorized Support Representative

To locate the support representative for your country, visit the Product Support webpage on the Grass Valley website: www.grassvalley.com/support/contact.

Important Notification

EDIUS 8 requires SHA-2 hash algorithm code signing for Grass Valley hardware driver installation. All versions of Windows 7 and Windows 8 / 8.1 already support SHA-2 code signing, but if you are running Windows 7, you will need to install Security Updates.

SHA-2 code signing requires the installation of TWO Security Updates on Windows 7 in order to install Grass Valley hardware.

They MUST be installed in the following order:

1. Security Update for Windows 7 for x64-based Systems (KB3035131)
2. Security Update for Windows 7 for x64-based Systems (KB3033929)

If they have not been installed, EDIUS installer will ask you to install the security updates.

Update History

The following issues are addressed in this version:

EDIUS

- EDIUS no longer requires QuickTime for Windows to be installed as part of the installation or update process.

- EDIUS takes a long time to exit if QuickTime for Windows is not installed on the system.

Supplementary Information

This version of EDIUS has been created in response to the official announcement by the United States Computer Emergency Readiness Team (US-CERT) on the vulnerability of Apple QuickTime for Windows:

https://www.us-cert.gov/ncas/alerts/TA16-105A

It allows EDIUS to be installed or updated without the requirement to install QuickTime for Windows.

Please note that the following functionality will be lost if QuickTime is not present:

- **Still Image File Formats:** BMP (export only); JPEG; JPEG2000; TIFF; PSD; PNG; SGI; GIF; GIF89a; JFIF; Mac PICT; sgiRGB

- **MOV Video File Formats:** MOV (other than MPEG-2, H.264/AVC, HDV & 3ivx D4 4.5.1)

- **Audio:** MOV (other than Linear PCM and AAC)
